

THE SCIENCE OF WATERCOLOR:

Fundamental Wash Control

Workshop Materials List

In order to get the most out of this workshop, please bring the following materials or a similar equivalent.

- Watercolor paint in the primary colors: I recommend French Ultramarine, Cadmium Yellow Medium, and Cadmium Red.
- Watercolor brushes: Size 8 round brush and 1” flat or oval wash brush. I do not recommend mixed media brushes, as watercolor-specific brushes are much easier to work with.
- Mixing palette. A plastic or ceramic plate would work well!
- Water jar.
- Painter’s, drafting, or artist’s tape.
- 4H pencil and pencil sharpener.
- White eraser and kneaded eraser.
- 12-inch ruler.
- Craft knife (i.e. x-acto).

I will be providing watercolor paper, so there is no need for you to bring your own.

For your convenience, I have provided a link to a Dick Blick shopping list below. *Use of this link and the specific products named there is completely optional, and primarily meant to prevent overwhelm!*
