

Cindy Gilberti

Pastel and Watercolor Artist

Cindy is an artist from western Pennsylvania. Inspired by nature and the outdoors, she strives to make the ordinary extraordinary by interpreting her world using color and gesture in an expressionistic style. She strives to capture the poetry of the landscape by capturing light and shadows in her compositions through observation and plein air. She is comfortable painting in watercolor and pastels. Like most other artists, she is continually experimenting with new mediums to see how they can be incorporated into her designs.

Cindy's involvement with regional and national artists from multiple art groups inspired her to open her own art studio and gallery in Coraopolis; Gilberti Fine Art Studio & Gallery. Here she strives to promote local artists throughout our community.
